## DURING THE WIFE'S PERIODS OF INEBRIATION.

## Attitude Gould Should Have Taken Says Mr. Shearn

## WHEN ACCUSATION OF DRUNKENNESS

## Was Hurling Against Fair Plaintiff by Attorney Watson.

## Cruelty and Non-Support Clauses Have Been Stricken Out.

New York, June 15.—Attempts to introduce evidence to show that Mrs. Gould was addicted to intoxicants were resisted by Clarence J. Shearn, counsel for Mrs. Gould, when she was brought to trial today. Maurice Mallory, superintendent of the Castle Gould, was asked at what time he had found Mrs. Gould under the influence of liquor at Castle Gould. Before he could reply, Mr. Shearn interposed with the declaration that the charges of drunkenness, if true, made the abandonment of Mrs. Gould by her husband more cruel.

There were further objections from Mr. Shearn to questions asked the witness by Mr. Watson.

New York, June 15.—Abandonment was the only charge upon which Mrs. Katherine Clemmons Gould's suit for separation from Howard Gould rested when the hearing of this case was resumed today. The charges of cruelty and non-support which were a part of Mrs. Gould's original complaint having been stricken out by Justice Dowling at the motion of counsel for Mr. Gould, today's evidence was confined to the hearing on abandonment only.

Mrs. Gould declared that she was not drunk on the night of July 19, 1906, when she had complained to him about the conduct of Morris Mallory, who Mrs. Gould had put in charge of Castle Gould, the Long Island home of Mr. and Mrs. Gould. Subsequently, Mrs. Gould said her husband sent Elijah W. Wells to her to say that Mr. Gould would return to her if she would agree to certain conditions, or he would arrange either for a separation or divorce. These proposals were rejected by Mrs. Gould.

Under the ruling of Justice Dowling, Howard Gould was given permission to present evidence to support his charges that Mrs. Gould was addicted to the use of intoxicants and that she had humiliated him before his guests.

Before the resuming of the case today a letter from Mrs. Charlotte Scott Weston daughter of Mr. Nicolai Weston's attorney was given out during that Mrs. Gould had given a dress. Mrs. Weston said she had never seen Mrs. Gould. When the letter was shown to Mrs. Gould she said:

"I didn't give the gown to her personally, but she was one of the actresses who received a box of gowns that I sent to one of the theatres."

Maurice Mallory, superintendent of the Castle Gould estate, was the first witness today called in the interest of Mrs. Gould. Mr. Shearn for Mrs. Gould objected to some of the questions asked him by Mr. Watson, and Justice Dowling ruled that it was proper to have the habits of the plaintiff, Mrs. Gould, proven.

"At what time at Castle Gould did you find Mrs. Gould under the influence of liquor?" Mr. Watson asked.

"I object," said Mr. Shearn, "and I want to argue the point. If the statement showed that she was intoxicated of what benefit would this be?"

telling them she wanted me. I reached there to find her sitting on the floor in a drowsy gown, leaning her head against the wall. She told me that the house had not been closed as it should be if all the servants were in. I went down and closed the back door and then I told Mrs. Gould that Mr. Gould was still outside. She said that the doors should be closed whether Mr. Gould was out or whether the servants were out. She ordered me to close the doors but I did not lock the door on Mr. Gould. I simply closed it. All this time the burglar alarm was ringing.

Then afterward Mr. Gould followed me upstairs and went into Mrs. Gould's room. He said to her, "What is the matter?"

"She said to him 'Get out you little bound.'"

"Did you ever see Mrs. Gould drunk at any other time?"

"Yes, one time she told some electricians that if they did not get off the place she would kick them off and they left."

The witness said that Mrs. Gould was not at her usual self.

It was brought out that the burglar alarm incident had happened in August, 1906.

Other employees of the Gould estates were called in continuation of the defense's effort to show that Mrs. Gould at times drank heavily. It was proved that Mrs. Gould frequently had cocktails served and in the evening as a rule two drinks of brandy, and drank a quantity of wine during the day.

## A FORMER PARTNER DEFENDS CALHOUN.

San Francisco, June 15.—Alexander King, of Atlanta, who crossed the continent to assist in the defense of Patrick Calhoun with whom he was once associated in legal practice, opened the argument in behalf of his client today.

With friends and business associates about him and his wife and daughters by his side, the president of the United Railroads followed attentively every word of the soft-voiced southern attorney, whose remarks could scarcely be distinguished at the further end of the crowded court room.

## A LONG, LONG DROP.

Berwyn, Neb., June 15.—A local inventor dropped 3,500 feet in a crippled balloon here today. He was not seriously hurt.

## IF NICK DON'T KICK

Alice Will Make Balloon Ascension Soon With Col. Forbes.

## SHE HUNGERS FOR EXPERIENCE

Which She Will Get Quick After the Reception to Wrights.

New York, June 15.—If Representative Longworth does not object too strongly, Mrs. Alice Roosevelt Longworth will take her first balloon trip with A. Holland Forbes in the New York from Canton, Ohio, a few days after the Wrights home coming celebration which takes place in Dayton on June 17 and 18.

Mr. Forbes was in the receiving line at the reception to the Wrights in the Cosmos club in Washington last Thursday and Mrs. Longworth was a guest.

When introduced to Mr. Forbes she was informed he had just come out of the clouds after winning the trophy in the championship balloon race from Indianapolis.

He told the story of his trip of 25 hours which recently brought him and Mr. Harmon to Corinth, Miss., spicing his tale with that hair-raising incident when rifle men of Tennessee fired at the balloon in the belief that it was a huge bird.

"That's fine," she exclaimed, like the echo of dad. "How I would like to go on one of those journeys. I wish I could go on a trip."

"You can," said the gallant Mr. Forbes. "My balloon is at your disposal. You can go any time you wish. I'll be charmed to be the pilot."

"But you know I've a husband who always is around and objects to any little things like these I'd like to do," said Mrs. Longworth.

Longworth in Way.

"I wanted to go up shortly after my brother Teddy went up, but that husband of mine wouldn't let me. Now if somebody would just take care of him for a little while so that I could just get into that balloon and go away," she said.

The subject of the conversation was that Mrs. Longworth finally arranged with Mr. Forbes that if Representative Longworth did not object too earnestly she would take a trip in the New York immediately after the Wright celebration at Dayton, which Forbes will attend.

## SEVERE SWEATING OF LITTLE WEIGHT.

Columbus, June 15.—Two strange Italians who came to Columbus yesterday are suspected by the postoffice authorities as having knowledge of the black hand and were arrested today. They were taken to the postoffice and behind closed doors were subjected to a thorough sweating, but were released. They were all well armed.

SOLOGERA VIKARIS OF ARLEQUIN PART OF LETTER TO JOHN ARNYON

The translation of the sentences on the letter decorated with the cross and dagger is:

"Scoundrel, come and do your duty. If not you will soon see that we know how to act."

THE BLACK HAND.

The expression on the right of the cross is, "Your place." To the left is "Die, scoundrel." Below is written, "You will shortly bear the cross."

Cleveland, O., June 15.—"I believe that we have the right men and that through them we may be able to break up the so-called black hand society which has been preying upon the wealthy Italians in the Central

States," announced United States Attorney Wm. Day at the close of a conference with postal inspectors.

The conference was the result of the ten arrests that have been made in various parts of the state this week. The men taken into custody are believed by the federal officials to be the leaders of the Italian blackmailers in Ohio, Pennsylvania, West Virginia, Indiana and Illinois. The prosecution will be conducted by Mr. Day.

Inspector Oldfield said that when Charles Vaccaro, of Denison, was arrested at Bellefontaine, they found in his room four shotguns, six revolvers

several stiletos and several socks filled with ammunition, some of which was "home made."

The inspectors turned over to District Attorney Day scores of letters found in possession of Sam Lima, arrested in Marion.

"These letters lead me to believe there is an actual organization among the Italian blackmailers with its headquarters at Marion, and that it had its murderous tendrils reached as far east as Rochester, N. Y., with a nest of them in and about Pittsburg, Cleveland, Toledo, Columbus, Indianapolis and Chicago, with minor agencies in the smaller intervening cities," said Mr. Day.

## A BROKE BROKER BEFORE COURTS.

Detroit, Mich., June 15.—The hearing of Louis H. Case, junior partner of the failed brokerage firm of Cameron Currie & Co., of this city on two charges of embezzlement preferred by customers who alleged that money turned over to Mr. Case for the purpose of specific stocks had been otherwise used, was begun today before Justice Jeffries. The amounts alleged to have been diverted in the respective complaints are \$15,000 and \$1,200.

## CLIFF HARTRIDGE CASE POSTPONED.

New York, June 15.—The examination of Mrs. Mary Copely Thaw in the advance of the trial of the suit instituted against her by Lawyer Clifford W. Hartridge in the United States court for fees and disbursements amounting to \$192,000 at the trial of her son, Harry K. Thaw, for murder, which was to have been held today before United States Commissioner Shields, was adjourned by stipulation of counsel to August 2.

## NO CONNECTION WITH THE REBELS.

Norfolk, June 14.—The steamer Naticote, and tug Dispatch, the former detained at Franklin, Va., and the latter at Norfolk for alleged violation of the neutrality laws, are by admission made here by their New York agents, bound direct for Maracaibo, Venezuela, but it is denied that the vessels have any connection with any filibustering project.

It is claimed by the agents of both vessels that the two vessels are to be used in the coffee trade. Nothing was found on the vessels to indicate any attempt to smuggle arms and ammunition into Venezuela. The agents claim that they know nothing of the rifles and revolvers said to be packed in piano boxes for shipment to Venezuela as pianos.

## CONDOLENCE SENT BY TAFT TO BRAZIL.

Washington, June 15.—This cablegram expressing the condolence of himself and the American people on the death of President Penna, of Brazil, has been sent to the government of that country by President Taft.

"On behalf of my countrymen and myself I offer condolence to the stricken family and the Brazilian people in their great loss and sorrow."

## IN SECRET SESSION.

Pittsburg, June 15.—The convention of the Amalgamated Association of Iron, Steel and Tin Workers, called to take action on the "open shop" order of the American Sheet and Tin Plate Company, continued its secret sessions today. An adjournment is expected tomorrow when a definite announcement will be made as to a strike July 1.

## NEW INCORPORATIONS.

Columbus, O., June 15.—New incorporation papers were issued today as follows:

The Standard Electricity Specialty Co., Cleveland, \$10,000; William J. Bowen.

Chestnut Realty Co., Cleveland, \$10,000; Edgar A. Hahn.

## CRUSHED

Chicago, June 15.—Peter Swann, a watchman, whose duty it was to walk ahead of a steam roller owned by an asphalt paving company and warn pedestrians of the danger, last night fell in front of the machine at North avenue and Halsted street and was crushed to death.

## RAY LAMPHERE

## CONNECTED WITH MRS. GUNNESS IN CRIME.

Is Dying of Consumption in Penitentiary at Michigan City.

## SENT LETTER TO HIS BROTHER.

To Come to Him But Prison Officials Denied Her Admission

Because of the Imminence of Death.—Reprieve Asked For.

LaPorte, Ind., June 15.—In response to a letter from her brother, Ray Lamphere, Mrs. James Findlay, yesterday, hurried to the Michigan City prison to see the prisoner notorious through his association with Mrs. Gunness, the arch murderess, for the burning of whose home Lamphere was sent to the penitentiary.

Lamphere, in his letter, stated that he recently had suffered four hemorrhages and believed death was imminent.

Mrs. Findlay was not allowed to visit her brother in the hospital ward, despite her pleadings the hospital warden was firm, saying:

"Lamphere is extremely low and cannot see any one." It is believed that an effort to secure his immediate parole will be made, but it is believed he will die before this can be secured.

## HEARING POSTPONED

Of Alleged Black Hand Conspirators by Federal Court.

## EVIDENCE OF GREAT INTEREST

May be Brought Out Concerning Arrest of Sebastian Lima.

Toledo, June 15.—The preliminary hearing of Salvatore Lima, Salvatore Rizzo and Joseph Bataglia, alleged black hand operators arrested at Marion last week, was postponed for a week when the matter came up in federal court today. U. S. District Attorney Day said that during the day he might have an interesting statement to give on concerning the arrest of Sebastian Lima, Salvatore's brother, who was brought from Marion early this morning by United States Marshal Owen and Warner.

Sebastian Lima's arrest in Marion last night on the charge of conspiring to defraud is said to have been caused by the discovery of additional evidence among the letters seized at the Lima store in Marion last week.

## PRIVATE CAFE OWNERS KICK.

New York, June 15.—At a meeting of the Down Town Tax Payers' Association last night, a committee was appointed to investigate the restaurant opened by the National Civic Federation and through the financial assistance of Miss Morgan, daughter of J. Pierpont Morgan, in the Brooklyn Navy Yard. This restaurant, which was formerly dedicated a week ago, was thrown open to the navy employees for the first time last night when appetizing meals were served at cost price. The association has taken up the matter at the request of a half dozen small restaurant owners outside of the navy yard and last night the allegation was made that the government spent \$6,000 in fitting up the restaurant and is supplying water, fuel and light for the restaurant free of charge, thus greatly handicapping the private restaurant keepers.

## LARGE CARGO OF SUPPLIES.

Boston, June 15.—Bearing a large cargo of books, clothing and supplies for the inhabitants of Labrador coast the schooner Lorna Doone, one of the mission ships of the port today for Dr. Grenfell's mission stations. The vessel's first stop is St. Anthony, N. F., a ten days voyage from Boston. A part of the cargo will be landed there and the Doone will proceed to Battle Harbor, Labrador, where the largest station of the group is maintained and from there visits other points farther north.

## THIRTEEN HOURS ON THEIR DORY.

Philadelphia, June 15.—Two of the fishermen from the fishing schooner Netie Franklin, who disappeared in the fog off Cape Cod last week, have arrived here on the steamer Aral. The men are Emanuel Sweet and Antonio Henrick. They were picked up by the schooner Nathaniel T. Palmer but as she was bound for Virginia the men were transferred to the Aral from Shield for this port. The fishermen had been in their dory thirteen hours when picked up.

## PUBLISHERS MEET.

Birmingham, Ala., June 15.—The annual convention of the Publishers Association began here today, with J. H. Caldwell in the chair.

## TAFT IS PLEASED WITH THE SENATE.

Washington, June 15.—President Taft was deeply gratified today to learn that a way had been devised in the senate for the enactment into law of his plan for a tax upon the undistributed net earnings of corporations as a means of providing additional revenues for the federal government.

The president discussed the matter with his cabinet and expressed to them his satisfaction over the plan of the senate finance committee to place the proposition before the senate for a vote.

## MISSISSIPPI WAY OF GETTING EVEN.

Jackson, Miss., June 15.—C. H. Tatadoll, manager of the electric light plant at Bolton, was shot and killed last night by Frank Melton, a merchant, because the former cut off the electric light service at Melton's residence for alleged non-payment of a bill.

## FURTHER TROUBLE NOT ANTICIPATED.

Jackson, Miss., June 15.—Advice from Meadville today say quiet has been restored in the little town where a street fight yesterday resulted in the death of Dr. A. M. Newman, chamber clerk and Sales Rignolds and the serious wounding of three others. There is no likelihood of further trouble.

## CHICAGO

Coldest Place in the United States Yesterday.

Chicago, June 15.—Chicago was the coldest place in the United States yesterday with a temperature of 46 degrees at 2:30 p. m. In New York heat prostrations were reported, with the mercury at 85 the high point of the year in that city. Boston reported 86 degrees. With the exception of El Paso, Texas, where 96 was recorded and Jacksonville, Fla., 92, Boston and New York were the hottest places in the country. In Chicago the mercury began to ascend in the late afternoon but did not get above 51.

## ENDURANCE RUN RESUMED TODAY.

Williamsport, Pa., June 15.—The endurance run of the Quaker City Motor Club from Philadelphia to Pittsburg which was started yesterday, was resumed at 7 a. m. today. The run today will be Johnstown, a distance of 146 miles, the time allowed being seven hours, 19 minutes.

## FLAIR OF THE TARIFF.

New York, June 15.—There was an abrupt decline of eight dollars a share on American Sugar Refining stock during the first hour of trading on the stock exchange. The drop in price was attributed to the litigation of the company recently and to fears of a rigorous movement in the tariff legislation.

## DUTY OF THE STATE TO CARE FOR WAIFS.

Columbus, O., June 15.—At the annual conference of the state boards of health, with the surgeon general at Washington a resolution by Secretary Probst, of the Ohio board declaring that the state should have supervision over all abandoned children was adopted.

"Children deprived of parental support and oversight are wards of the state and the state should centralize child placing agencies and provide for state supervision of dependent children," said secretary Probst today.

An address on "Prevention of Rabies" will be given by State Veterinarian Paul Fischer at the annual conference of the state board of health, at Toledo Thursday.

## REPUBLIC OF CUBA

Cannot Endure Long Says Capt. Cassilly Cook, of New York.

## SPANIARDS WHO ARE INTERESTED

There Very Largely Want United States to Annex Her.

Washington, June 15.—"I have yet to meet an officer of our civil or military service in the last Cuban intervention who believes the present Cuban republic can long endure," said Captain Cassilly Cook, now a prominent New York attorney, who is here.

"Cuba is practically owned by Spanish and other alien capital, whose interests necessarily favor annexation of the island to the United States."

"While there were several pretended causes for the insurrection against President Palma, the true one with many of the insurrection generals was his uncompromising honesty."

## PADDED PAY ROLLS CAUSES TROUBLE.

Sandusky, O., June 15.—Adam J. Stal, former president of the Sandusky Board of Public Service, today pleaded guilty to an indictment charging padding of the pay rolls of the water works department and was sentenced to serve one year in the Ohio penitentiary. He was taken to Columbus as soon as sentence was passed.

## BIG LINER RAKED BY WILLIAM BRYAN.

New York, June 15.—The side of the big Holland-America line steamer Nardam, with 553 passengers on board, was raked by the bow-sprit of a schooner believed to be the William J. Bryan, in a fog off Nantucket last night. The Nardam escaped with the loss of a life boat, but the fate of the schooner was unknown on board the liner.

The Nardam was stopped and signals were blown eliciting no response. Captain Stenger did not believe that Bryan was sunk.

The schooner William J. Bryan is a little vessel of 14 tons, and belongs to Somers Point, N. J. The Nardam reached this port today.

## Murder Case Postponed to Allow Hearing of the Brandenburg Case.

New York, June 15.—With Mrs. Frances Polson Cleveland, widow of the late Grover Cleveland called as a witness, the trial of Broughton Brandenburg, the magazine writer, on a charge of grand larceny began in the supreme court today. The charge against Brandenburg grew out of the sale of a newspaper article which Brandenburg is alleged to have disposed of to a newspaper on the representation that ex-President Cleveland was the author. Mrs. Cleveland afterward repudiated the article.

A murder trial which was on the calendar of Justice Fitzgerald's court was postponed in order to meet the convenience of Mrs. Cleveland.

It was agreed that the Brandenburg trial should be adjourned as soon as Mrs. Cleveland's testimony was taken, and continued again after the murder trial was completed. Mrs. Cleveland was dressed in deep mourning. Brandenburg was in consultation with his counsel, Samuel E. Thomas, while the jury was being selected.

Counsel for the defendant asked the talesmen if the fact that the article on which the charge is based was written during the last campaign and unfavorable to one of the candidates (Mr. Bryan) would influence their opinion or prejudice their minds. The work of selecting jurors pressed rapidly and the work went forward at a rapid rate.

Assistant District Attorney Nott opened the case for the state. Mr. Nott said that the state would show that Brandenburg waited until Mr. Cleveland was dead before he attempted to sell the letter purporting to be written by Mr. Cleveland. Mr. Nott said it would have been a physical impossibility for Mr. Cleveland to have signed the article at the time the defendant claimed he signed it. Many signatures of Mr. Cleveland would be compared with the signature of the said letter, and would show, he declared that the signature was not genuine.

Mrs. Cleveland this afternoon on the witness stand was shown the alleged signature of Grover Cleveland attached to the article said to have been written by him and declared it was a false signature.

## HARD TO FIND MAN TO TAKE A CHANCE.

Columbus, O., June 15.—The trustees of the Ohio Industrial Home, Delaware, are having trouble in finding a man of the right experience for the superintendency of the institution, to succeed Frank Dye, who retires from the office in July. The trustees called on the governor today and he informed them that he had no one in sight for the place and he wanted the board to make the best selection possible.

## REPUBLICAN EDITORS EXERCISED OVER THE REMOVAL OF ROGERS.

They Charge Governor With  
Being Wholly Actuated  
by Politics.

GOOD REASONS  
FOR HIS ACTION

Fire Marshal's Office Was  
Being Run as Annex  
of G. O. P.

CHARLES O. ROGERS, fire marshal of Lima, Ohio, has been removed from office by Governor Harmon. The removal was made on the ground that Rogers was running the fire marshal's office as an annex of the Republican party.

When Rogers was appointed fire marshal, he was a Republican. He was a member of the Republican party and was known as a Republican. He was a member of the Republican party and was known as a Republican. He was a member of the Republican party and was known as a Republican.

Less than a month ago these same biased republican editors were vying for the governor's favor. They were vying for the governor's favor. They were vying for the governor's favor.

When John W. Zuber, the new fire marshal, took possession of the office, he found six "secret service" men on the payroll. Rogers refused to tell who these six political pets were. It developed subsequently that one of them was his own brother who claimed to be a sleuth from the Atlantic to the Pacific, at \$1.50 per month and expenses. The salary of the chief deputy had been boosted to \$2,800 and the salary of the regular attorney for the office had been increased from \$1,800 to \$2,400. In addition "special counsel" had been employed, among them being Mr. Davis, fire marshal during the Herrick administration, who was paid \$2,400 in salary and \$1,100 traveling expenses from July, 1908 to June, 1909.

This is the same Mr. Davis who was known in the campaign last fall as organizer of republican clubs and was recently recommended by President Taft to the United States senate for U. S. marshal in Northern Ohio.

Not a word have republican papers which raise the cry of "lust for office" to say about the lust for spoils so liberally doled out by Rogers during the year he served as fire marshal.

Besides cutting off the six "sleuths" the new fire marshal has put back salaries to the amount paid when P. S. Creamer was fire marshal. It has been stated that he cut

## POWER DIRECT

FROM PEAT BOGS IS  
IN THE NEAR  
FUTURE.

Federal Experts Assert  
That Many Millions  
of Dollars

WORTH OF FUEL  
IS LYING IDLE

In the Swamps and Bogs  
Awaiting Genius and  
Money Backing.

Many Foreign Countries  
Are Now Extensively  
Using It.

Washington, June 15.—A number of cities and towns in the United States may obtain their light, heat and power direct from peat bogs in the near future. The statement is made by federal experts that millions of dollars' worth of fuel lies undervalued in the swamps and bogs of this country, awaiting only the genius and business ability of the man before it drives the wheels of progress. Its value, on a basis of \$100 a ton, roughly guessed at by experts of the Geological Survey, who have been studying the peat deposits in some time, is more than \$300,000,000—more money than is represented in all the property, implements and buildings owned by the farmers of the United States.

With the coal supply being used at a tremendous rate, peat is expected to become a most important fuel and one that will prolong the life of the coal itself. An important fact which leads the experts to believe that peat will soon come into quite general use in certain parts of the country is that it is found in quantities in regions that have been removed from the coal fields so far that the cost of transporting the coal amounts to several times the cost of the fuel itself at the mines. The states containing the largest amount of peat are the Dakotas, Minnesota, Wisconsin, Michigan, northern Iowa, Illinois, Indiana, Ohio, New York, the New England states, New Jersey, portions of Virginia, North and South Carolina, Georgia and Florida.

**Investigating the Peat Beds.**  
A thorough investigation of the peat resources is now being undertaken by the Geological Survey, not only as to the amount of peat and its location but also its use. Prof. James A. Davis, of the Technology department, has general charge of the investigation, while Prof. Robert H. Sargent, consulting engineer in the Technology, is in charge of the field work. To find the value of peat as a fuel for heating and power purposes, the latter but recently returned from a trip to Europe, where he investigated the uses of peat, and found the older countries much more advanced along this line than the United States. Prof. Sargent, with the belief that peat could be extensively used in the United States, in Ireland he found peat being used generally for domestic purposes, but not by the manufacturing establishments.

Sargent is dotted with peat deposits, and its bogs are now being extensively utilized for power purposes, he says. "During the last eight years new bogs have been opened up, added to the last until bogs containing from 2,000 to 5,000 tons of peat for power purposes per acre are found on every hand. The peat, engineers who have investigated some of these plants are unquestionably working in the right direction, placing the power plant directly in the peat bog and transmitting the electric current to the surrounding towns.

**For Light and Power.**  
The current is being used for heating and lighting purposes and also for running both the streets and houses. The installation of the power plant in the bog or at the mine has been added to the list until bogs containing from 2,000 to 5,000 tons of peat for power purposes per acre are found on every hand. The peat, engineers who have investigated some of these plants are unquestionably working in the right direction, placing the power plant directly in the peat bog and transmitting the electric current to the surrounding towns.

Another development in the lime industry which promises much return is the use of peat as a fertilizer for recovery gas plants. In these plants both gas and sulfur are produced in commercial quantities. Both the utilization of peat for producer gas and for the recovery of sulfur from the gas are perfectly feasible with American conditions. Although the work done on peat by the Survey experiment plant has been limited, it has been demonstrated that gas for power can be produced from peat in Florida and Massachusetts.

Prof. Davis, who has just issued a bulletin on peat, is optimistic on the future of peat, yet he believes the development of the industry should be accompanied by great caution. The operation of a gas engine at an experiment plant on peat in one of the tests has shown that this fuel is little inferior to many grades of soft coal now on the market and superior to some in the quantity of power produced. "It is believed," says Prof. Davis, "that the day is coming when peat will be located near the gas bogs and away from the coal fields, will obtain their power and light from peat, and that Florida is not a peat power plant, but that it will use peat as fuel and will transmit the electricity to Jack-

# DELEGATIONS ARE ARRIVING FOR FIREMEN'S TOURNAMENT

Grand Marshall F. M. Bell  
Has Announced Formation  
for Parade.

THIRTY FIVE  
BANDS REPORTED.

"Old Judge", the Veteran  
Fire Horse Will Appear  
in the Line.

The reception committees have  
been busy this afternoon in looking  
after the various delegations, which  
have been arriving to be on the  
ground early for the firemen's tournament tomorrow. A number have  
reported in uniform, but seem inclined  
to keep their identity a secret until  
the event is opened. Secretary  
Jackson has received word from thirty  
five delegations that will bring  
bands, while it is known that there  
are fully fifteen more bands, which  
have not reported and will be present.

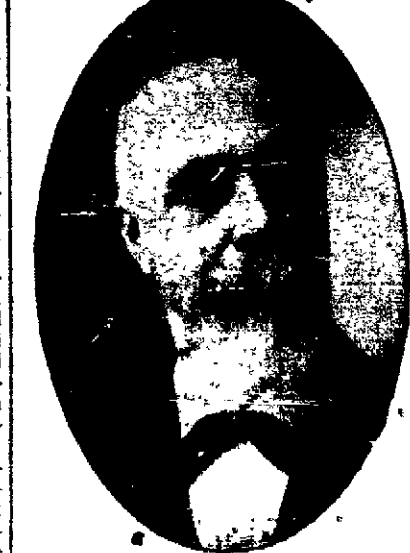

President E. T. Rannion, of Van Wert, and Secretary E. W. Zerman, of Wauseon, are here and have opened the headquarters at the Hotel Normal. They seem well pleased over the situation here, and think that the plans for tomorrow are among the most complete ever thought of for the entertainment of the brave volunteer firemen.

The committees held a meeting in the rooms of the progressive association Monday evening, when all final arrangements were made to take care of the immense crowd that will attend. Grand Marshall F. M. Bell announced the appointment of his assistants, one of which will head each division of the parade. Those appointed are O. F. Ramseyer, first division; J. E. Grappell, second division; Chas. Jackson, third division; Walter S. Jackson, fourth division.

The grand marshals and his assistants outlined the positions of the various delegations, and arranged the following formation. The first division will turn on east Elm street, right resting on Main; second division on west Elm street, right resting on Main; third division on Water street, right resting on Main, and fourth division on Market place, right resting on Main.

The parade will be headed by grand marshals and the four divisions will follow in order.

First Division—Bugle Corps, platoon of police, Lima Merchants' band.

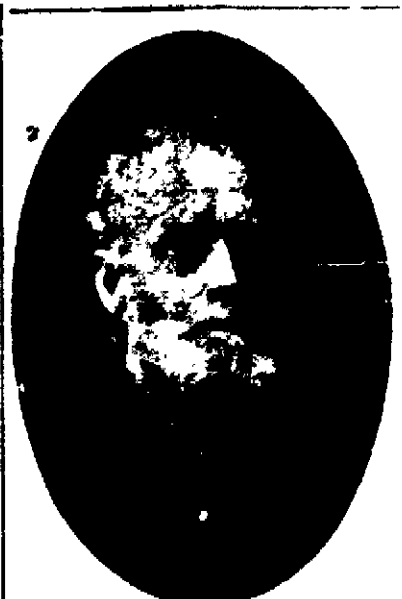

JACOB H. FOSTER,  
Editor of The Bulletin, Van Wert,  
Ohio, and organizer of the Northwestern Ohio Volunteer Firemen's Association.

Co. C, city officials in carriages, officials of Firemen's Association, Sherwood Ladies Drum Corps, Lima fire department of today and yesterday, Eagle coal cart company.

Second Division—Policemen's band of Toledo, Milner's fire brigade of Toledo, Alverton, Arcadia, Attica, Ada delegation and band, Ashley, Antwerp, Archbold, Bryan, Bluffton, Bedford, Berea, Bowling Green, Bloomdale, Buckland, Botkins delegation and band, Bradner delegation and band, Bloomville, Bettsville, Caledonia, Cygnet, Cridersville, Celina and band, Coldwater and band, Columbus Grove and band, Cleveland Vets, Crestline, Continental and band, Clyde, Carey and band, Chicago Junction and band, Centerville and band, Third Division—Headed by second regiment band of Tiffin and Ottawa delegation, Delphos and band, Defiance and band, Delta, Dunkirk, Deshler, and band, Edon, Elmore, Payette, Ft. Recovery, Forest and band, Fostoria, Findlay, Gibsonburg and band, Grand Rapids, Grover Hill, Green Springs, Glynwood, Glandorf, Hixsville and band, Holgate and band, Hamlet, Kansas, Leipsic and band, Liberty Center and band, Lock No. 2, McComb and band, Mendon, Malinta, Minster, Maumee, Napoleon and band, Nevada, New Bremen, Knoxville, New London, North Amherst, North Baltimore and band.

Fourth Division—Headed by Ashland Military band and Ashland delegation, Ohio City, Ottawa and band, Oak Harbor, Ottoville, Perrysburg, Pioneer, Port Clinton, Prairie Depot, Pemberville and band, Payne, Paulding and band, Rising Sun, Scott, Sycamore, Spencerville, St. Henry, St. Marys, Swanton, Sherwood and band, Stryker and band, Upper Sandusky, Van Wert and band, Wauseon and band, Wapakoneta and band, West Unity, Weston, White House and band, Waterville and band.

"Old Judge", the veteran fire horse, who has been in service for 26 years, and is still officiating as "extra" at the south side hose house. This grand old horse has some his noble duty to the citizens of Lima, and they will have to lift their

H. A. CLARK,  
of Van Wert, Ohio, first secretary of the Association.

back to honor the old fellow, who is still ready to answer the call.

**Pacific Trumpet.**  
At the meeting of the old volunteer firemen last evening, Mr. Black exhibited a relic, which is to the property of the Lambert family. It is a large silver plated trumpet upon which is engraved

"Presented to Pacific No. 1, of Lima, by the Allen County Agricultural Society at the trial of fire engines at Lima, for best throwing, September 28, 1865."

**Place of Honor.**  
Timothy Shroyer, of this city, first president of the Northwestern Ohio Volunteer Firemen's Association, will have a place arranged for him in the band stand at the square, and there he will review the entire pageant as it passes along the line of march. It was in the year 1875 that Mr. Shroyer was president, and he has acted in various capacities since that time.

**Plenty of Water.**  
The entertainment committee makes the request that merchants and residents along the line of march provide opportunities for quenching the thirst of the legions of men in the parade. Especially if the day be hot will plenty of water be a necessity, and they will be duly grateful to those who supply buckets and cups for those who desire water.

**Decorations in Place.**  
As yet the residential section which will be traversed by the great parade is for the greater part very little decorated. It is hoped that before tomorrow noon this cannot be said, as a much greater impression will be made on the visitors if all along the way the banners, flags and bunting are flying.

**Interest Growing.**  
A telegram received by the D. T. & L. agent here from Wauseon says that they expect one thousand men to come down tomorrow for the great parade.

Another from Ashland received shortly after noon today told of the start of the Ashland delegation and their band and that they would arrive at 2:25 this afternoon.

At the conclusion of the firemen's parade tomorrow the bands will move into one large band. This will form procession at Memorial building, facing east on Elm street, then proceed to Main north on Main to Wayne, west on Wayne to Elizabeth, south on Elizabeth to Memorial building and disband. It is estimated that this band will contain seven hundred to eight hundred men.

**NOTES ON COMING CONVENTION.**  
Daily the interest increases in the convention of tomorrow and just as a sample of the interest being taken by other towns the following clippings are reprinted:

Old Delago Company No. 1, organized in 1862, Wapakoneta is going to Lima Wednesday. So are about 150 other Wapakonetaans.

Fifty bands and as many companies have already reported for place in the big parade.

Lima is the pivot around which swings the hundred smaller towns and cities that have representation in the big organization, and with eleven railroads, steam and electric, to bring in the various departments from east, west, north and south, there will be few if any absent when the roll is called. The local committees have all the advance arrangements well in hand, and a daily appeal is being made for quarters to house the thousands who will come to again test to the limit Lima's established reputation for hospitality.—Wapak News.

The members of the city fire department and volunteers will meet Tuesday evening, at 7:00 o'clock, at the City Building, for drill preparation to the trip to Lima to attend the firemen's convention.—Van Wert Bulletin.

The Delphos Volunteer Fire Department members will meet this evening, in special session, to complete arrangements for attending the annual convention of the Northwestern Ohio Volunteer Firemen's Association, in Lima, Wednesday. While it has not been definitely decided, it is quite likely that the Delphos firemen will go to Lima on a special car on the traction line, leaving this city at about 6:45 a. m. The members of the Peoples' Band will accompany the firemen. Tom, the veteran fire horse, will be taken to Lima, Tuesday, to appear in the parade with the Delphos firemen. Scores of Delphos people will doubtless visit Lima on that day.—Delphos Herald.

# Visiting Fire Chiefs

---You cannot afford to overlook these Fire Hose Facts.

Eureka Fire Hose, bought fourteen years ago by the City of New York, can be seen today in regular use by some of the hardest worked engine companies in the city—in the inflammable paint and dry goods districts.

Eureka Hose has been successfully used for many years in the cold Northwestern cities and towns of the United States and Canada, and even in Alaska, without complaint of freezing or undue water absorption.

This proves its adaptability for cold, as well as warm climates.

## Eureka Four-Ply High-Pressure Fire Hose

Made of four plies, all woven simultaneously and bound together in a solid homogeneous fabric, Eureka Hose plies are yet so distinct that one or two of them can be entirely worn away or removed

without injury to those remaining—leaving an absolutely complete and serviceable two-ply, rubber lined hose.

No hose whose chief recommendation is low price can meet this test. Do you know of any other hose that has such quality?

We will make this conclusive test for you any day, at our factory in Jersey City, under the supervision of any expert, whether he be fire chief or hose manufacturer.

Couple one section of Eureka Hose with sections of every other kind in use. Then administer water pressure until the bursting point is reached. Eureka hose will survive them all and can safely be put back into service after the contest.

# Eureka Fire Hose.

Eureka Hose is effectively safeguarded against rot or mildew. The antiseptic process it undergoes is the result of 30 years of study and experiment. And with ordinary Fire Department care, this process insures constant pliability—whether the hose is wet or dry.

Any official specification that does not require a four-ply, circular and solidly woven fabric, with a modernized rubber lining, will not secure for you the best hose.

It is false economy to look for quantity rather than quality—and dangerous, also, where fire hose is concerned.

Almost every severe conflagration brings forth new Eureka Hose testimonials in the shape of emergency orders. No greater tribute can be paid to any sort of fire equipment.

On April 13th, an order for 5,000 feet of Eureka Hose was telephoned from Rochester—when part of that city was ablaze. Within twelve hours this hose was delivered and in service.

A week earlier, under like conditions, a similar order came from Fort Worth, Texas, and was filled with equal promptitude and to the great satisfaction of the citizens and authorities of that community.

There are various reasons why Eureka Hose is not universally used. The only sane one is unfamiliarity with its virtues.

That is why we want you to call at our office. We want to show you why Eureka is the best hose made.

Don't wait until you are in the market for hose. Come in at any time—you will be cordially welcomed.

## HEINZ IN A PICKLE OF TWO VARIETIES.

New York, June 15.—The federal grand jury today handed down indictments against F. Augustus Heinz, head of the United Copper Company, his brother Arthur P. Heinz and Sanford Robinson, Heinz's counsel, charging conspiracy and alleging an attempt to obstruct the administration of justice by spitting away the beaks of the United Copper Company while the company was under federal scrutiny and also by interfering with United States Marshals in the performance of their duty.

## DEATH INSTRUMENT IN POLICE HANDS.

Youngstown, O., June 15.—An object having the appearance of an infernal machine was turned over to the police today by Inspector Bucklin of the Mahoning Valley street car line. The man who carried the machine aboard the car at Hillsville fondled it carefully and the police are of the belief that it has some connection with the black hand activities in this section. Hillsville has long been a black hand rendezvous.

## AN INHUMAN BRUTE

Who Should Get His Deserts When He Goes A-Visiting,

## SAYS A SOCIALIST IN PARLIAMENT

Despite Protest of Speaker and Several Fellow Statesmen.

London, June 15.—William James Thorne, the social member from West Ham, created excitement in the house of commons this afternoon when he declared in connection with that sovereign's proposed visit

to King Edward during the Cowes regatta. Mr. Thorne, in the guise of a question to Foreign Secretary Gray, declared that there was intense feeling in this country against the visit. The speaker called Mr. Thorne to order, but the member would not be quieted, and shouted out:

"It will be a good job if the Russian emperor gets his deserts when he does come; he is an inhuman brute."

The speaker's efforts to stem this abuse until an uproar of protest from the other members drowned Mr. Thorne's invective.

## MAYOR NIVEN WAS NOT AT HOME

But Flames Were Quickly  
Extinguished by Fire  
Department.

Black Hand Cases of Last  
Week May be Back of  
Evil Attempt.

Bellefontaine, O., June 15.—What is believed to have been an attempt to assassinate Mayor William R. Niven and burn his residence in this city was made early today when a burning bottle filled with kerosene which had been set ablaze was thrown through a window of his home. The bottle was wrapped with rags saturated with oil. The curtains, carpets and furniture in the room were set on fire but the fire department extinguished the blaze. The mayor was away from home at the time.

Mayor Niven was elected on a "dry" ticket two years ago. He is a well known democratic politician and a member of the state committee. Two policemen standing near his home, heard the crash, saw the blaze and saw a man running away from the scene but they thought it was some one going to give an alarm and did not pursue him.

Toledo, O., June 15. A long distance telephone message received here at 3 o'clock this morning from Bellefontaine, Ohio, says that a bomb was thrown into the home of Mayor Niven of that city. No one was hurt in the fire that followed. Mayor Niven issued warrants in the black hand cases last week. Blood hounds have been set on the track of a man seen running away from the Niven home at the time of the bomb throwing.

### THE IDLER

Mr. and Mrs. S. J. Moyer who reside in Piquette, Adams county, Ohio, will be married Saturday, June 18, at 2 o'clock in the morning at the home of the bride's mother.

Mr. and Mrs. George Saxoy of South Main street returned last evening from an extended visit with friends in Piquette.

Weston, Ohio, and Galion business men are drilling a well at Weston, Ohio, four miles north of Crestline. The well will be drilled 200 feet deep unless pay is encountered at a shallower depth.

The funeral services over the remains of Louis C. Light, of Fort Wayne, the brother of Edward Light, of Wayne street, this city, will take place tomorrow afternoon at two o'clock, at the residence at Fort Wayne. The deceased passed away very suddenly on Sunday morning, heart trouble causing death.

The Faurot park will be a veritable zoo if the collection of animals keeps growing. The latest addition to the live stock is the two bear cubs which were on exhibition at the Cramer drug store some weeks ago. The two little fellows are growing rapidly, but are as playful and gentle as kittens. Over two hundred children were out Sunday afternoon taking turns leading them by their collars, and romping and playing with the affectionate little bruisers.

So far the bears have not been teased to any great extent and it is hoped that they will not be so that they will not grow into surly offensive beasts that will be a trouble to care for and watch. A large cage is being especially constructed for their home, and they will be a permanent attraction at the pretty park.

The marriage of Miss Mabel Toy, the granddaughter of Mr. and Mrs. George Heffner, of this city, will take place tomorrow evening at eight o'clock at Fort Wayne, the ceremony to be solemnized at the home of the bride's parents, Mr. and Mrs. E. W. Parks, of that city.

Already a number of guests have gone from here to attend the nuptials including Mr. and Mrs. George Heffner, Miss Ruth Stump, Mr. and Mrs. James Heffner, Miss Ray Heffner and Miss Helen Bower.

The groom Mr. Grover Scheid, is a resident of Toledo, and a number of his relatives are also gathering in Fort Wayne for the event.

A merry crowd gathered on Friday evening at the home of Edward Roush, 418 east Findlay street, to celebrate the eighteenth birthday of his eldest daughter. A delicious supper was one of the features of the evening, chicken, bologna, potato salad, pickles, cheese, sliced tomatoes, spiced pears, jellies, preserves, pies and cakes of all kinds, making up the menu, with the addition of ice cream and lemonade as the delicacies of the menu.

The social diversions of the evening were enjoyed by Mr. and Mrs. Isaac Roush, Mr. and Mrs. W. O. Anderson, of Fullerton, Cal.; Mr. and Mrs. Henry Stumbaugh, of Columbus Grove; Mr. and Mrs. Simon Roush and daughter Miriam, Mr. and Mrs. Reuben Roush and son Lewis, Mr. and Mrs. J. C. ### THE MARKETS.

Chicago Grain.—Harvest news was again a bearish factor in the wheat market today and July declined 1/4 to 3/8 from yesterday's close. A decline of 1/4 to 3/8 cent had also a bearish effect.

Corn was weak on general selling based the weakness of wheat and favorable crop reports. Oats were weak in the opening. July opened 1/2 to 3/4 lower at 51 1/2 to 51 3/4, and later at 51 1/2. Provisions developed moderate weakness following the declines in the grain market and a fall in the price of live hogs.

Wool Market.—Transactions in domestic stock in the local wool market are beginning to fall off, although staple wools are in demand. Values, however, hold firm and in many cases prices are the highest on record. There have been a few sales of Indian quaters, but few sales of 35 cents. Ohio farmers are reported as holding out for 3 per cent for quarter blood, with an unusually large clip on hand for disposal.

Business in pulled wools and the foreign products continues active.

Cleveland Produce.—Butter, first 27 1/2; prints 29 1/2; process 23 1/2; dairy 19 1/2; packing stock 17 1/2.

Eggs, current receipts 21; prime struts 23.

Poultry, chickens 13 1/2; spring broilers 1 1/2 @ 2 lbs., 19 @ 20; spring ducks 16 @ 17; do old 12.

Potatoes triumphs \$1.40 per bushel; North Carolina \$4.00 @ 4.25 bbl.

Buffalo Live Stock.—Cattle, receipts 2 cars; market firm. Hogs, receipts 10 cars; market steady; heavy \$20 @ \$25; medium \$18 @ \$20; porkers \$7.40 @ \$8.00; pigs \$7.15 @ \$7.25; roughs \$6.75 @ \$7.00; stags \$5.50 @ \$6.00.

Sheep, receipts 2 cars, market steady. Yearlings \$5.00 @ \$7.50; wethers \$5.50 @ \$6.00; mixed sheep \$4.75 @ \$5.25; ewes \$4.50 @ \$4.75; culls \$2.00 @ \$3.00; spring lambs \$6 @ \$9.00.

Calves, receipts 150 head; market steady.

Cincinnati Live Stock.—Cattle, receipts 244; fair to good shippers \$4.75 @ \$6.75; common \$2.25 @ \$4.10.

Hogs, receipts 1,411; quiet; butchers and shippers \$7.80 @ \$7.90; common \$5.85 @ \$6.75.

Sheep, receipts 1,809; steady \$2.00 @ \$4.75; lambs steady \$4.50 @ \$5.50.

Chicago Grain (Cont'd).—Wheat, July \$1.15 1/2 @ 1/2; September \$1.09 1/2 @ 1/2; December \$1.07 1/2 @ 1/2.

A break of 4 cents at Winnipeg caused additional weakness later in the day. July declined to \$1.15 1/2 @ 1/4. Covering by shorts resulted in a moderate rally but the close was heavy with July off 3/4 at \$1.15 1/2 @ 1/4.

Corn, July 72, September 69 1/2; October 67 1/2; May 59 1/2.

The market became weaker later in the session owing to declines in the price of U. S. cash grain at Kansas City and St. Louis. July declined to 71 1/2. The close was weak with July at 72 cents.

Oats, July 53 1/2; September 43 1/2; December 44 1/2; May 46 1/2.

Pork, July \$20 37 1/2; September \$20 57 1/2.

Lard, July \$11 02 1/2 @ 11 05; September \$11 50; October \$11 75; November \$11 60.

Flour, Toledo Grain.—Close Wheat June \$1.15 1/2; July \$1.17 1/2; September \$1.11 1/2; December \$1.11 1/2.

Corn, Cash 76 1/2; July 74 1/2; September 73; December 59 1/2; May 61.

Oats Cash 59; July 53; September 44 1/2; December 45 1/2; May 47 1/2.

Clover Seed, Cash \$6.40; October \$6.90.

Rye, No. 2, 56.

Of Interest to Farmers and Merchants.—Farmers and mechanics frequently meet with slight accidents and injuries which cause them much annoyance and loss of time. A cut or bruise may be cured in about one-third the time usually required by applying Chamberlain's Liniment as soon as the injury is received. This liniment is also valuable for sprains, soreness of the muscles and rheumatic pains. There is no danger of blood poisoning resulting from an injury when Chamberlain's Liniment is applied before the parts become inflamed and swollen. For sale by all druggists.

# COUNTY TAX LEVY

Was Made by County Commissioners This Morning for Next Year.

SLIGHTLY MORE  
THAN LAST YEAR

And It Is Apportioned  
Among Various County  
Institutions.

The county commissioners held a meeting this morning and decided on the tax levy for the County of Allen for the next year.

This tax will be made for the first time on December next and includes the following apportionments:

	Mills
General county and elec. purp.	2
Children's Home	1.5
Bridge	1.5
Building and repairs	5.3
Soldiers Relief	28
County roads	2.115
Judicial	6
Memorial building bonds etc	7
Blind	2

Total for year 1932.....8.115  
This is slightly more than for the year 1931, when the county levy was placed at 8.055 for the year. The city tax, with which the county commissioners have nothing to do, was placed at 36.2 mills some time ago.

### HOW BOB EVANS WENT TO ANNAPOLIS

Admiral Evans tells the story of how he happened to be appointed as a cadet to the Naval Academy at Annapolis from Utah when his native state was Virginia.

"William H. Hooper, the first Territorial delegate to congress from Utah, was a great friend of my family," he said. "One day he asked me if I did not want to be an officer in the navy. I told him, 'You bet I do.' He then explained that there was an appointment to be made from Utah, and said that if I was only a resident of Utah I could get the appointment. As soon as I could get my hat and catch a train I was on my way to Salt Lake City, and I got the appointment. I was the first cadet to be appointed from that territory."—Kansas City Times

## "WHAT COULD WE DO WITH LOVE" ASKS A MAN OF 1950

Paris, June 15.—Henri Kistenmaecker, the French dramatist, has written a novel which deals with what he supposes will take place in 1950. He calls the novel "Aeropropolis." The Adventures of an Aeronaut. Among other things, he talks of the "German Republic," saying that everything is permitted, while in the days when it was an empire everything was prohibited.

As to literature, he says he does not know what the word means, no poets being in existence, and sport being the only thing about which books are written.

"The works of writers of old—of today—have hardly survived. The few books that exist, the aeronaut says, are hard to handle. The paper is so old one fears it will fall to pieces if he tries to read. The love stories of French writers, he says, are uninteresting. What is the use of writing about love any more?" he asks. "Funny people must have lived, he asserts, since they lost their time loving. 'What could we do with love,' he would like to know, 'in our day of inventions?'

Instead of love stories in 1950 they have books about air travel. At the theatre, people deal with the cellular theory. In opera they have as a subject 'The Iron Foundries of Plymouth.'

People amuse themselves seeing a comic opera dealing with the intricacies of architecture. In vaudeville the entertainment, called "Snydicrate," is a discussion of the laws of trusts. For children there is a play called "Modern Science."

Concluding his talk on literature, the aeronaut says: "I must admit that the one thing missing is a sentimental, romantic adventure. Otherwise everything is as clear as clear can be."

## AMERICAN EXPOSITION IN BERLIN IN 1910

An American exposition will be held in the city of Berlin, Germany, in the months of April, May and June, 1910. This exposition will be in the well known permanent exposition palace near Zoological garden in the city.

The purpose of this exposition is to exhibit American fine arts and to offer to American industries an opportunity to exploit their products in Germany and on the continent, as Berlin is a greater center.

The exposition is planned to stimulate cordial commercial relations between the German and American nations, and it is hoped that if the exposition contains a worthy representation of American industries, it will enjoy the lively interest of the German emperor as well as of all prominent persons in the German empire.

Among those who have endorsed such an exposition are:

J. J. Astor, W. Barbour, president Linen Thread company, Elmwood, N. Y.; resident director, Hamburg; American line, James W. Van Cleave.

"Public Recreation" was the subject of Dr. Frank Gullik's address. H. C. Bowman, member of the Kansas board of control, spoke on "What are the Proper Fields, for State and for Private Charities."

### NEW COUNTERFEIT SWINDLE.

An investigation has been begun by the Immigration Bureau, which, it is hoped, may disclose the identity of a band of Italian counterfeiters which, working in this country, is believed to manufacture bogus United States currency which is sent to confederates in Italy, who exchange it with emigrating Italians for good Italian money.

The suspicion that such a band was operating in this country was occasioned by the discovery that many of the 814 steerage passengers on the Koenig Albert of the North German Lloyd line, which reaches here from Italy on Wednesday, had in their possession spurious United States half dollars.

These coins were offered by some of the Italians to peddlers who bore the name in Hoboken, N. J. All of the Koenig Albert's immigrants are now on Ellis Island, where a thorough investigation is being made. New York Times.

AT FIVE PERCENT.

Safe, Secure, Convenient For Savings and Deposits.

Nine years ago The Lima Home & Savings Association began paying 5 percent on deposits in any amount with privilege of compound interest. On account of the safe and secure manner in which such deposits have been handled many people of large and small means, have accepted the liberal opportunity of having their funds invested at a rate that is worth while, until nearly \$353,000 has been accumulated earning 5 per cent. These deposits are used by this association only for loans on city and country homes in Lima and vicinity. No money but first mortgages are taken to secure these loans; ample insurance is required for the Association's protection as well as frequent examination of principal.

Another feature of safety is the annual examination by the state auditor to which this Association is subjected. The last examination was conducted on the 20th of May, 1909, and included an investigation of all of the Association's investments and accounts.

## NOW IS TIME

TO WITHDRAW FROM

Senator Newlands in Behalf

Exposes Scheme

TO BIND THEM  
TO UNITED STATES

Indissolubly Through the  
Medium of Proposed  
Tariff Bill

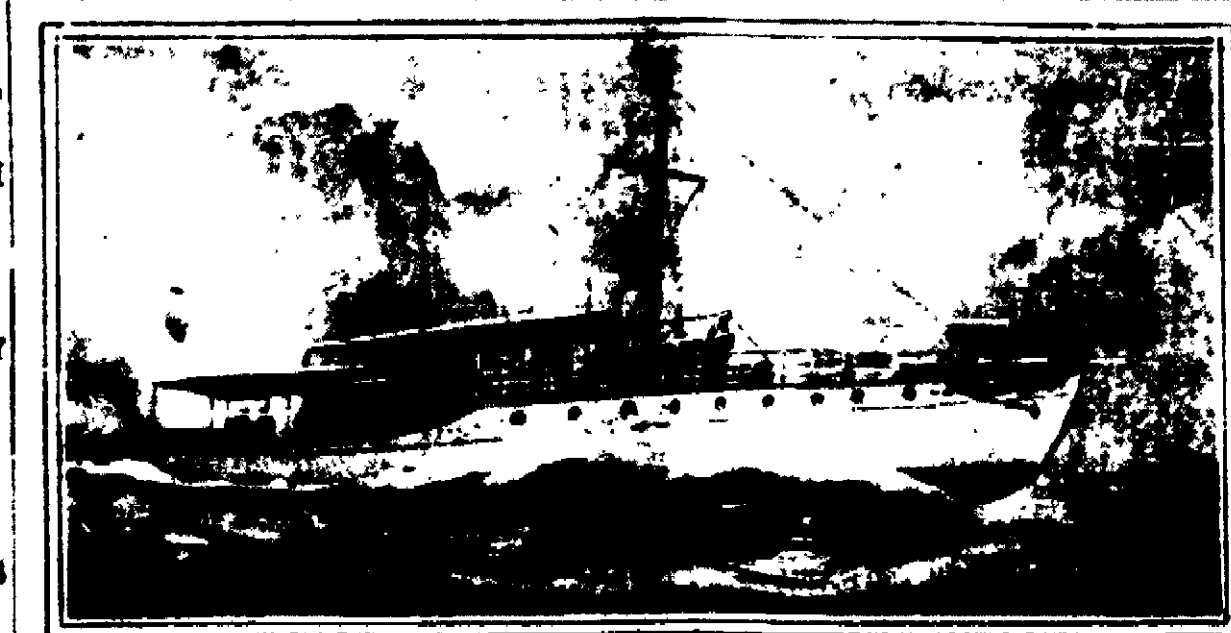

Which Will Turn Millions  
Monthly to Pockets of  
Producers.

Washington, June 14.—Not because of any wish to protect American cane or beet sugar, but because in his opinion the proposed subsidy to Philippine products would bind those islands to the United States indissolubly, was the reason advanced by Senator Newlands of Nevada, in a speech in the senate yesterday for his opposition to the amendment admitting free to our markets Philippine sugar and tobacco. He declared that if we complicate the Philippine tariff system with ours, "the two countries will be so bound together by this amendment that it will be difficult to separate them."

"All illusions have vanished," he said, "the prevailing feeling of the American people in regard to the Philippines is regret that we are there and a longing to get out creditably."

As matters now stand, he declared it would be an easy thing for the United States to withdraw at any time by substituting Philippine commissioners for American commissioners, thus permitting the islands to drift away from us into a thoroughly independent and individualized life.

He argued that if the Philippines were at some time to be independent and self supporting their people must

MR. M. FRANK DENNIS' NEW POWER YACHT 'CAROLINE'.

New York, June 14. Mr. Frank Dennis' new raised deck cruising power yacht 'Caroline' was launched from the Greenwich Yacht Yard yesterday and she will be used in the water about New York and on the

Eastern coast during the season. Her length is 60 feet and she was built from the designs of Whiteley and Whiteley, of this city. Careful attention was given to the matter of seaworthiness and also of comfort in the accommodations in order that the yacht may go offshore in bad weather if necessary and that the owner's guests may find her a pleasant vessel at all times. The construction is heavy, the frames being of white oak and the planking of yellow pine.

accept the world's prices for their products. It is the height of folly to will so mainly to the Philippine lacarustom them to the subsidized borers, shall we really do them a service by permitting the Philippines to import their sugar which is double what port 100,000 tons of sugar annually they can get from the rest of the world? Will not the ending of the duty imposed upon foreign imports, and amounting to about \$15 a case, is to enable the Philippine producers to receive in our markets without the payment of duty nearly double the price which they can get anywhere else to the world. This legislation means the diversion of nearly \$10,000,000 annually from the American treasury into the pockets of Philippine producers without lowering the price of sugar a penny to the American consumer."

He held that it would be much better for us to give this benefit directly to the Philippine government which could expend it for worthy purposes, "and not to the Philippine planters or, as will ultimately prove to be the case, to the sugar trust itself, which doubtless will obtain a monopoly of the production of sugar there, as it is now acquiring it in Cuba."

If \$10,000,000 is to be given annually by this government to the Philippines, it should be done in a way, he declared, "that will absolutely secure the benefits to the masses of the Philippine people and not to interest that will simply exploit the Philippine people."

"But assuming," he said, "that the

Morris, Dexter, Ky., writes: "Up to a year ago my father suffered from kidney and bladder trouble and several physicians pronounced it enlargement of the prostate gland and advised an operation. On account of his age we were afraid he could not stand it and I recommended Foley's Kidney Remedy, and the first bottle relieved him, and after taking the second bottle he was no longer troubled with this complaint." ## FOURTH'S DEATH RECORD.

It is evident from the comments of the press on the present evils of our Fourth of July that there is urgent need of a definite control and wise direction of the popular use of this holiday. The roll of dead and wounded for the last ten years, as compiled by the Chicago Tribune, is eloquent in its warning. The figures tell their own story of an insensate and reckless abuse of the day's privileges.

Year. Dead Wounded  
1908, 72 2,739  
1907, 58 3,897  
1906, 31 2,551  
1905, 59 3,169  
1904, 58 3,049  
1903, 52 3,665  
1902, 31 2,796  
1901, 35 1,803  
1900, 59 2,767  
1899, 33 1,732

Totals, 508 29,085

That these statistics, gathered by July 4th, are below the real totals is seen from the tabulations of the Journal of the American Medical Association, made in August, when tetanus has had time to do its dire work:

Year. Dead. Wound. To- tal. Tetanus.  
1908, 163 5,460 5,623 55  
1907, 164 4,249 4,413 62  
1906, 158 5,308 5,466 75  
1905, 182 4,994 5,176 87  
1904, 183 3,956 4,139 91  
1903, 466 3,923 4,389 406

Total, 1,316 27,980 29,296 776  
Sorely the sorrow, suffering, and mutilation here represented mock the claim that our July 4th, as at present observed, is in any sense a festive day. Rather is it a day of terror, anxiety, and dread—William Orr, in the June Atlantic.

## PROFIT BY OTHERS' EXPERIENCE

### Gray Hair Restored

My hair was getting quite gray and falling out rapidly and I was troubled with a terrible itching of the scalp. My head was full of dandruff, which fell upon my clothes and kept me continually brushing it off. While on a visit to Rochester I heard of your Sage and Sulphur for the hair. I got a bottle and used it. A few applications relieved the itching, my hair stopped falling out and gradually came back to its natural color. It is now a nice dark brown color, soft, glossy and pliable. Several of my friends want to use it, and I want to know what you will charge me for six bottles of it.

MISS E. A. ROSS,  
Sharon, Mercer Co., Pa.

### Grew Hair on a Bald Head

For two or three years my hair had been falling out and getting quite thin until the top of my head was entirely bald. About four months ago I commenced using Sage and Sulphur. The first bottle seemed to do some good and I kept using it regularly until now I have used four bottles. The whole top of my head is fairly covered and keeps coming in thicker. I shall keep on using it a while longer, as I notice a constant improvement.

By City Council in Reference to Building Code Submitted.

**COMMISSION TO EXAMINE SAME.**

**West Spring Street and Other Paving Matters Were Enacted.**

At an adjourned session of the city council Monday evening, the matter of a building code was brought up, following the transaction of the scheduled business. Copies of the proposed code, prepared by Solicitor Rogers have been in the hands of the members of the council for several days. In order that they might familiarize themselves with the matter.

Mr. Jones suggested that action be deferred upon the matter and that each member of the council select one member of a commission, to examine the code and point out any defects or make any suggestions they may see fit, before final action is taken. The proposition met with the favor of the other members, and acting upon the suggestion of the solicitor, the commission will consist of representatives of the different branches of building construction, namely: electricians, general contractors, architects, plumbers, insurance men, etc. The matter is an important one and the movement was started with the view of having the code in such form that upon its passage it will fill all of the requirements and need no amendments or further legislation.

The session opened at 7:30 o'clock with Vice-Chairman Jones in the chair, and President Bowsher and member Shaffer absent. Dr. Bowsher arrived at the conclusion of the roll call.

A request was received from the entertainment committee of the Progressive association for the privilege of using the council chamber and old G. A. R. hall for lodging purposes Tuesday and Wednesday nights, in taking care of the visitors to the firemen's convention, which was granted, the rooms to be used under the supervision of the board of public service.

Several petitions for street light were received and referred to the board of public service.

A resolution providing for an advance draw on the tax collection for current expenses, was adopted.

An ordinance providing for the paving of Union street from Market to High streets, was given its first reading.

An ordinance to pave Collier street from High street to Richfield avenue, with brick, was given its first reading. It was suggested that the improvement, be divided at North street, but upon the advice of the solicitor that the variance in cost on either side would be taken care of in the engineer's assessing ordinance, the vote was taken upon the ordinance as read.

An ordinance to proceed with the resurfacing of west Spring street, was passed.

An ordinance to grade Elm street from Bellefontaine avenue to the D. T. & I. railway tracks, was passed.

An ordinance to proceed with the paving of Charles street from Wayne street to High street was given its first reading.

An ordinance to appropriate \$900 for street cleaning purposes failed to receive the required number of votes. Mr. Collins made an appeal to the council for the same, stating that the men who had done the work were being deprived of their money, and that they needed the same.

Council adjourned at 9 o'clock.

**LIMA LADY ELECTED**

As Secretary at annual Reunion of Famous Rarey Family.

**LARGE NUMBER OF DESCENDANTS**

Met Last Saturday and Spent the Day Together at Old Home.

The following account appended is a short description of the reunion of one of the great families of Ohio, of which Mrs. Rosa Toy of this city is a member, belonging to the fourth generation.

The reunion was held last Saturday, June 10th, near Groveport, O. The Times of Canal Winchester says the following concerning the day:

"Last Saturday, June 10th, about 150 persons responded to the invitations to attend the second annual reunion of the Rarey family. They assembled at the beautiful Elmont hotel at Groveport, whose generous rooms, airy porches and spacious grounds were at their disposal.

This is the most beautiful spot in Madison township, and stands as a monument to the kindness as well as the genius of one of their family, John S. Rarey, who was honored by England and America alike.

At 11 a. m. the meeting was called to order by the president, Mrs. Anne Bunn. Music was furnished by Mrs. Peterman's orchestra, and Mr. Bert E. Williams's chimes.

Miss Pet Rarey sang a solo, and there were duets and patriotic songs. There were remarks by a number of persons, the program continuing in the afternoon. The principal address was made by Rev. Ralph Watson of Reynoldsburg.

Charles Rarey, the founder of this family in America, was born in Nord Offenburg, Hamburg, in 1744. He came, while quite young, to Virginia. Early in 1778 he was married to Margaret Wolfe of English birth, and settled in Rockingham county, Va. About 1795 they emigrated to Ohio with a family of six boys and three girls, ranging in age from 17 to a wee tot of less than one year, and stopped in Ross county for a short time. July 20, 1799, another son was welcomed, and he was named William.

In 1807 they moved to Madison township, Franklin county, and permanently settled on Little Walnut creek. At this point he died January 18, 1866, aged 82 years. His wife, Margaret Wolfe Rarey, died at the same place October 10, 1879, aged 74 years.

Her ancestors from British colonial descent point to the fact that she was directly related to General Edmund Wolfe, to whom the capitulation of Quebec was made by the

French in the time of the French-Indian and British-Colonial wars.

The annual election was held resulting in the following officials being elected:

President—Mrs. Sallie Bunn, 216 Ohio avenue, Columbus, O.  
Vice President—Mrs. Kate Seymour, Groveport, O.  
Historian—Mrs. Eunice Kauffman, Ohio State University, Columbus, O.

Secretary—Mrs. Rosa M. Toy, 110 Miller avenue, Lima, O.  
Treasurer—Wm. Rarey Smith, Groveport, O.

**NOTICE.**

The Ladies' Aid society of the Wayne street Church of Christ will hold a business meeting on Wednesday at the home of Mrs. Jones, of west North street, at 2:30. Every member is expected to be present.

**SWEET YOUNG GIRL**

**Stricken With Fatal Appendicitis Attack.**

Mrs. Mary Cantwell, of 614 west High street, this morning received the sad intelligence that her granddaughter, Marcella Cantwell, had died at her mother's home at South Bend, Indiana, at an early hour this morning.

The dead girl formerly resided here, removing to South Bend several years ago with her mother and brother. Last Wednesday she was taken ill with appendicitis, and the attack took a sudden turn for the worse yesterday, necessitating an operation. The work of the surgeons came too late to save her patient's life, however, and she had fallen from the anesthetic.

A beautiful girl, just past 18, and an only daughter, the death of the deceased comes as a sad blow to her mother and brother, Aldus, who survive her. Her many friends here will grieve with them in their loss, and especially the grandmother and other near relatives on west High street.

The remains will be brought here at 9:30 this evening and will be taken to the home of Mrs. Cantwell, on west High street, for funeral services will be held from St. Rose church, definite arrangements to be announced later.

**STATE IS PREPARING**

For the Trial of Christian Geiger on Burglary and Larceny Charge.

**FRANK RODGERS TAKEN TO PEN.**

**Bessie Cramer Awarded Decree and Heavy Alimony in Divorce Suit.**

Prosecutor Welty is busily engaged in preparing for the trial of the case of the state of Ohio against Christian Geiger charged with burglary and larceny, which is assigned for trial next Monday. Attorney J. R. W. Cooper, of Toledo, who represented Martin, Henderson and Dillon, has been in conference with the prosecutor and sheriff all day, and it is rumored has furnished the state with additional evidence in the case. The three prisoners, who plead guilty to grand larceny and were sentenced to seven years in the penitentiary in connection with the Yoakum case will no doubt be brought to this city to testify in this case.

It is generally rumored that at the time these men were permitted to plead to the larceny charge, and be sentenced that they made a clean confession of the Yoakum robbery, and it was through this means, said to have been brought about by Constable Hugh Patton that the way was opened to secure the evidence leading to the indictment of Geiger and Beam in connection with the case.

From all that can be gleaned from the outside the state is well fortified in its case against Geiger, and a hot legal battle is anticipated.

Taken to Pen.

Deputy Sheriff Baxter left yesterday afternoon for Columbus taking Frank Rodgers, the unfortunate man, convicted of manslaughter in connection with the death of Daniel Williams to the penitentiary to begin his seven years sentence.

Decree Granted.

In the divorce case of Bessie Cramer against her husband Steve, Judge Klinger granted the plaintiff a decree on the grounds of adultery, and awarded her \$1,500 alimony. She was restored to her maiden name Bessie Scanlon.

**IMPROVEMENT CLUB**

Of East Lima Will Hold Important Meeting This Evening

**WHEN THE NEW PARK WILL BE**

Given a Name and Officers Will be Chosen for the Year.

The East Lima Improvement club will hold one of its enthusiastic meetings this evening, and in its customary aggressive manner will boom East Lima to the fullest extent. Officers will be elected, and a name chosen for the new park they are justly to have as a gift from the entire city. The matter of the foot bridge building across the ravine in the park site will be also touched upon.

A few more such organizations would mean much to the city.

**LAST WEEK OF ORPHIUM.**

This week will be your last opportunity to visit the Orphium Theatre until the first of September, as the management has decided to close the doors of this popular play house until that time, during the time the theatre is closed, extensive alterations will be made, and the Orphium will open its doors to the public the first week in September. The bill at this popular play house this week is excellent in every respect, and every one should see it, especially as it will be your last opportunity to see vaudeville this summer.

**SUMMER SCHOOL.**

**SAD ENDING**  
To Festal Occasion in This City

Last Saturday's Times-Democrat contained an account of the marriage of Miss Lulu Gustweiler, of this city, and Mr. Charles Wilson, of Sandusky. It also noted the fact that Mr. and Mrs. Henry C. Wilcox, father and mother of the groom attended the marriage.

Saturday evening while on the way to their home, Mr. Wilcox, Sr., was attacked with organic heart trouble, while at Fosteria, and died there while waiting for the next train. The remains were taken to Sandusky for interment.
